Draft Cadmium AWQC for Aquatic Life (120915).ppt

Jennifer, Please find attached the cadmium Powerpoint for today's R3 presentation. I am probably going to call in from my desk to make it easier to drop off and joint the presentation that I need to give at 10:30. Thanks!

Mike

Hi Mike,

That sounds perfect. Thanks so much!

Jenn

Thank you Jennifer and no problem. I am working on a few slides that will fill about 10-15 mins, but may not have them together until late Wednesday. I will send it over no later than first thing

Thursday morning.

Thanks,

Mike

Thanks so much, Mike! Sorry for the delayed response – I was tied up at the WQS Academy yesterday afternoon. I have asked R3 for an agenda and will send it over to you as soon as I get it.

Thanks,

Jenn

Hi Jenn,

I would be glad to provide a short discussion about the draft criteria for cadmium. I will provide a few slides before the call. Is there a meeting agenda that you would be able to send over?

Thanks,

Mike

Hi Mike,

Hi, I'm the new Region 3 liaison in SHPD. Next Thursday, December 10, from 10-11:30 am, Region 3 and their states are holding a regular standing call to discuss WQS and nutrients issues. They have expressed interest in hearing about the recently released cadmium document. Would you be available to spare 10-15 minutes to present on the call? Denise from Region 3 recently forwarded her states the FR notice.

Please let me know if you have any questions or would like more information.

Thanks,

Jenn
